

Eddie Haralson
IT / Management Advisor

Eddie Haralson is a trusted Information Technology and Management Advisor with over 40 years of technical, leadership and management experience. He served as President & CEO of ExecuSys, Inc. from 2000 - 2018.

Eddie played key roles in the formation of the IT Infrastructure and Systems at Kennedy Space Center, Cape Canaveral Air Force Station and Patrick Space Force Base. While at ExecuSys, his exceptional leadership and soft skills were instrumental in the success of our programs, customer satisfaction and positive employee morale.

Prior to joining ExecuSys, Eddie held various positions with Fortune 500 companies including CSC, Northrop Grumman, ITT and Computer Sciences Raytheon (CSC-Raytheon JV). He also worked at the UCF Computer Science Department while obtaining his degrees. Eddie received his undergraduate Computer Science degree from UCF, a graduate degree from Webster University and took post graduate courses at the Florida Institute of Technology (FIT).
